Dear John

FOLLOW THROUGH REPORT FURTHER TO THE HMIE INSPECTION OF BROUGHTON HIGH SCHOOL

Your inspection report on your school was published in September 2011. Local authority officers visited your school recently to assess the extent to which the school was continuing to develop the quality of its education including the areas identified for improvement in the original report.

Overall, the school, supported by the local authority, provided a good and improving standard of education for its young people. The school had progressed very well since the inspection and had made the necessary improvements in light of the inspection findings.

As a result, the education authority will not publish further reports in connection with the 2011 HMIE inspection.

The Quality Improvement Officer will continue to work with the school as part of the authority's normal arrangements.

A full copy of the follow through report can be found on the City of Edinburgh Council website http://www.edinburgh.gov.uk/downloads/file/11774/broughton_high_school_follow_through_report

I have also emailed you a copy of the report for your school website. Paper copies should be made available for parents who do not have access to the internet.

You will receive letters shortly for all parents of children in the school.

Yours sincerely
