

**Broughton High School Career Chats  
for S4, S5 & S6**

**Monday 16 November to  
Thursday 26 November 2020  
Lunchtime: 1.15 pm to 1.45 pm**

Dear Parents and Carers

This year our Careers Fair will take place as a series of online presentations by our kind volunteers below. The Career Chats will take place in school at lunchtimes. Pupils need to sign up in advance at the sign-up sheets on the noticeboard before the hub staircase and should bring in a packed lunch. Pupils will be able to ask questions at the end of each presentation as the host will be live. Questions can be asked in advance. Send these to [clerk.bhspc@broughtonhighpc.org](mailto:clerk.bhspc@broughtonhighpc.org).

The Career Chats are open to S4, S5 and S6 this year. Pupils from these year groups can sign up to as many as they choose as long as they take place on different days. S6 pupils or pupils who are self-isolating can access the Career Chats from home if you arrange this in advance with [clerk.bhspc@broughtonhighpc.org](mailto:clerk.bhspc@broughtonhighpc.org).

## Career Chats 2020 Participants

### Financial Services Monday 16

## Land Mapping & Law Tuesday 24

Registers  
of Scotland

The 'Registers of Scotland' is part of the Government. They keep the records of all houses, buildings and land in Scotland - where they are and who owns them. Part of its work involves digitally mapping all buildings and land in Scotland. It also collects data and statistics about the property market in Scotland. 1,200 people are employed at Registers of Scotland in Edinburgh and Glasgow.

**Medical Research IGMM  
Tuesday 24**

The IGMM constitutes one of the largest aggregates of human molecular genetics and biology research capacity in the UK with over 70 Principal Investigators and 500 staff and PhD students. By pooling the resources and complementary skills of the constituent centres, IGMM brings together the scientific expertise, technology and support services needed to maximise scientific discovery.

**International Business Law  
Addleshaw Goddard  
Wednesday 25**

With offices across the world, Addleshaw Goddard offers legal services and advice to commercial and government clients. But you don't need to be a lawyer to work at a law firm – there are lots of opportunities across Human Resources, IT, Marketing, Finance, Facilities and Administration.

**National Galleries Scotland  
Wednesday 25**

The creative industries contribute over 3.7 billion to the economy, employing over 73,600 people in Scotland. Employment in the National Galleries include gallery and retail assistants, security and business services, cafe staff, digital marketing officers, curators, art educators, arts writers, conservators and management.

**Pharmacy  
Wednesday 25**

Pharmacy is the clinical health science that links medical science with chemistry and it is charged with the discovery, production, disposal, safe and effective use, and control of medications. It also requires knowledge of treatment and understanding of the pathological process.

## **Spartans Football Academy Thursday 26**

Spartans Community Football Academy is a sports based social enterprise in Edinburgh. The Spartans Community Football Academy has been working with the local community and our partners to deliver programmes and initiatives that have a lasting positive social impact in North Edinburgh.

## **The Times Scotland Thursday 26**

The Times is based in London, but has an edition in Scotland. It is printed 6 days a week, and updated online constantly. Journalists focus on global and relevant national news. They report on the world through print, TV, and online platforms. They carry out investigations and inform public debate.

## **Occupational Therapy Thursday 26**

You'll see a huge variety of patients and help them with many different issues as an occupational therapist, such as:

1. helping someone adapt to life after major surgery
2. helping people suffering from mental illness get back into everyday activities such as work
3. helping elderly people stay in their own homes by providing adaptations such as level access showers or stair lifts

Variety is one of the most exciting things about being an occupational therapist
