# Manager training – complete before starting to recruit

The Council is committed to attracting the best candidates and recruiting the highest calibre of employees.

As an equal opportunity employer, we recognise the benefits that a diverse workforce with different values, beliefs, experience, and backgrounds brings. We're committed to building an inclusive recruitment culture where all people feel valued, included and able to be at their best.

All candidates will be given the opportunity to demonstrate their ability regardless of age, disability, sex, gender, race, marital status, sexual orientation, religious or political beliefs.

All managers and recruitment panel members undertaking recruitment and selection must complete the relevant compulsory training modules on [CECIL](#) covering the recruitment and selection policy, pass the knowledge check at the end of the module and watch the unconscious bias video prior to commencing the recruitment process and sitting on a recruitment panel..

The **'highly recommended'** training should also be completed to help you understand our cultural ambitions.

The **'when required'** training resources are there to assist you with any issues you may have when using TalentLink to manage your vacancies, or understanding the PVG application forms.
