

The Rencontres Théâtrales 2015 which have taken place in Broughton High in Edinburgh was a very enjoyable event. We could see that all the pupils were very thrilled and proud to perform their plays.

St Mary's RC Primary opened the second category with a very good performance "Aladdin" displaying beautiful costumes as well as good acting and a strong storyline.

The Mary Erskine School's performance "La mauvaise note" was very funny with some great puns and made a very good use of props such as sounds to enhance the play.

Followed by the same play from Broughton High which was yet very distinct by the new aspect it brought to it, reminding also very funny.

Drummond Community High topped it all with a performance based on French history “La revolution française” which surprised us all by its dazzling costumes and its inclusive aspect.

Our judges were very impressed by the enthusiasm and energy of pupils playing on stage in French. Every school won a “French Institute bag” packed with French books, DVDs, CDs. **A special thank you to the Franco-Scottish Society of Edinburgh which awarded the first prize cheque of 100£ to St Mary’s RC and the European bookshop which offered French books to all schools.**
