

U16s Lothian Cup: Broughton High School v Currie High School

The U16s, fresh from their victory over Bourroughmuir, looked to extend their run of good form into the Lothian Cup.

Currie were coming to town hotter than a jalfrezi and were ready to roll. In perfect winter conditions for football the boys set about their task with good grace, some great football and a great energy.

Patrick Martin started the ball rolling with a great goal after ten minutes. He followed this up with a better goal just before the half to leave the score 2 – 0 to the Mighty Broughton after 35 minutes.

Patrick Martin has now played in all 11 positions including goal this season which is a testament to his talent and versatility. Calum Donaldson and Ryan Brown both deserve a mention for playing a great first half (and second half).

Happy with their first half performance, but not content, the boys went looking for more goals. With Captain Fantastic Kyle Bell in the engine room and spraying balls around better than Pirlo and Danny Sutherland beasting it in the middle, it was only a matter of time and sure enough Danny Sutherland scored a great header and super striker Tod Rowell chipped the keeper with a glorious effort.

The game finished 4-0 and was played in great spirits. Ryan McIvor received the Man of the Match award though it could have gone to several players. Ryan Glancy along with Sutherland had just returned to the team and we are very happy to have them back. Ross Coats in goals was outstanding. A fantastic way to start a Saturday. Roll on Liberton at the Broughton Arena this Saturday.
